BREAS

How to Use this File

This guide contains the most commonly used accessories for the iSleep, Vivo and Z1 ranges. All accessories may not be available in all countries and some country-specific items may not be included in this guide. For any questions, please refer to the Breas Extranet or contact your local Breas representative or Breas Order department.

If you are viewing this file in Adobe Acrobat, the following functions are built into the file:

Turning pages – Click on the grey arrows on the left and right sides of the pages to turn to the next or previous page.

Bookmarks – Turn on the book marks  to click from section to section or page to page.

Jump to page – Click on links in the table of contents at the beginning of each section or on this page to jump to the page you are looking for.

Find function – You can search in the Find field for article numbers or product name.

View larger images – When you roll over the small images in the table an enlargement will pop up.
